ORFÈVRE DU BAIN

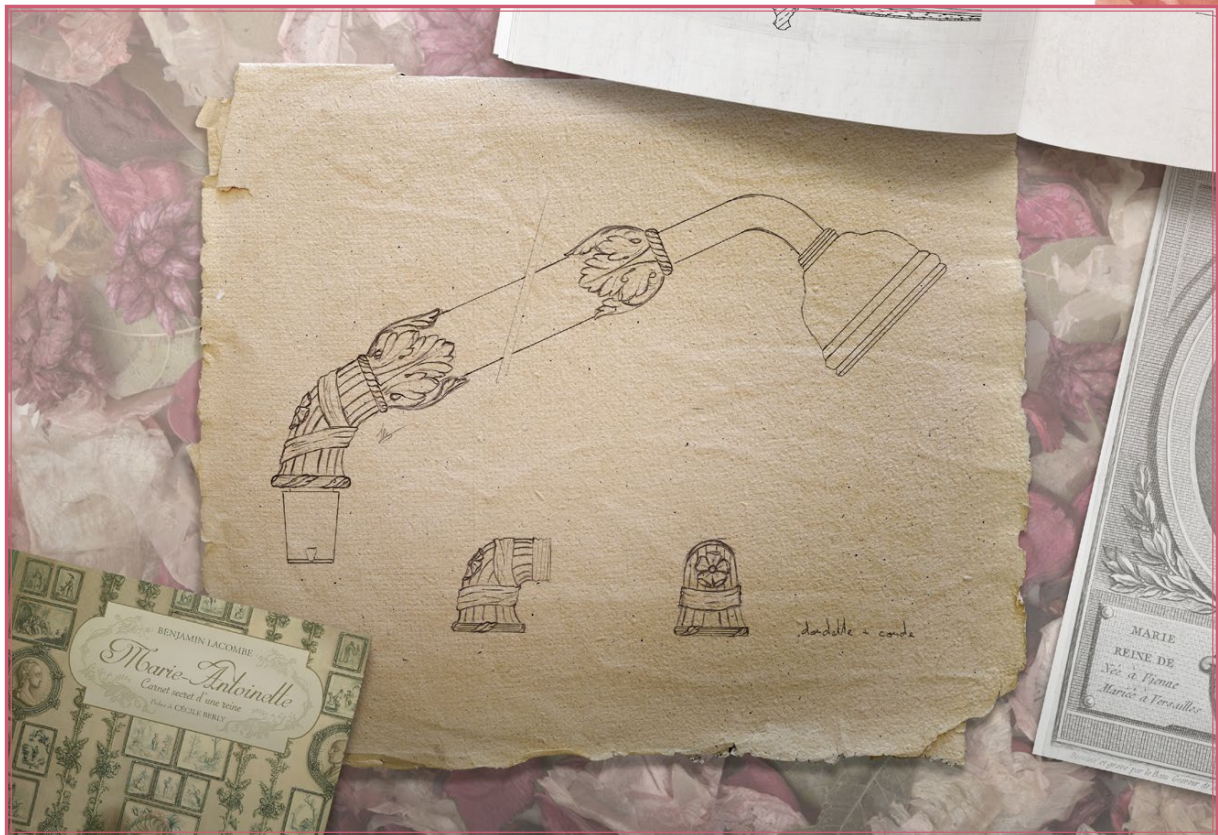

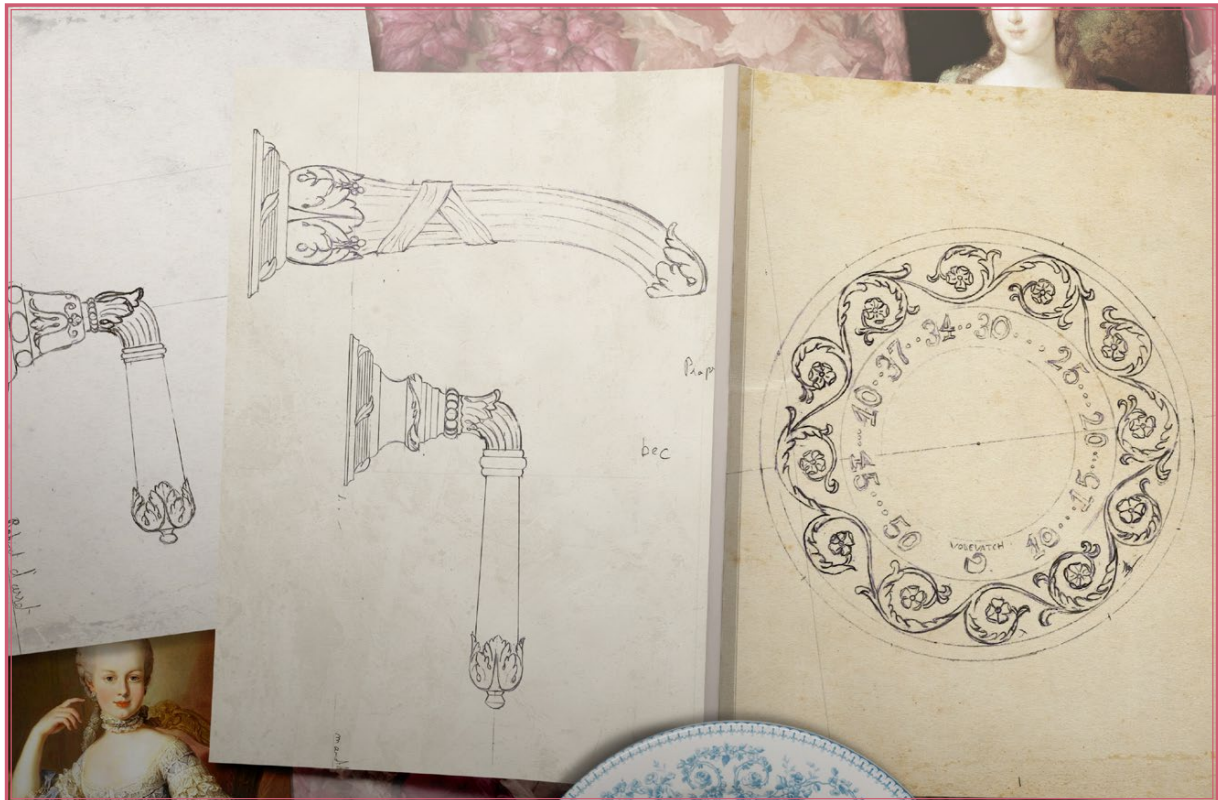

HOMMAGE À *Marie-Antoinette*

Tribute to « Marie-Antoinette »

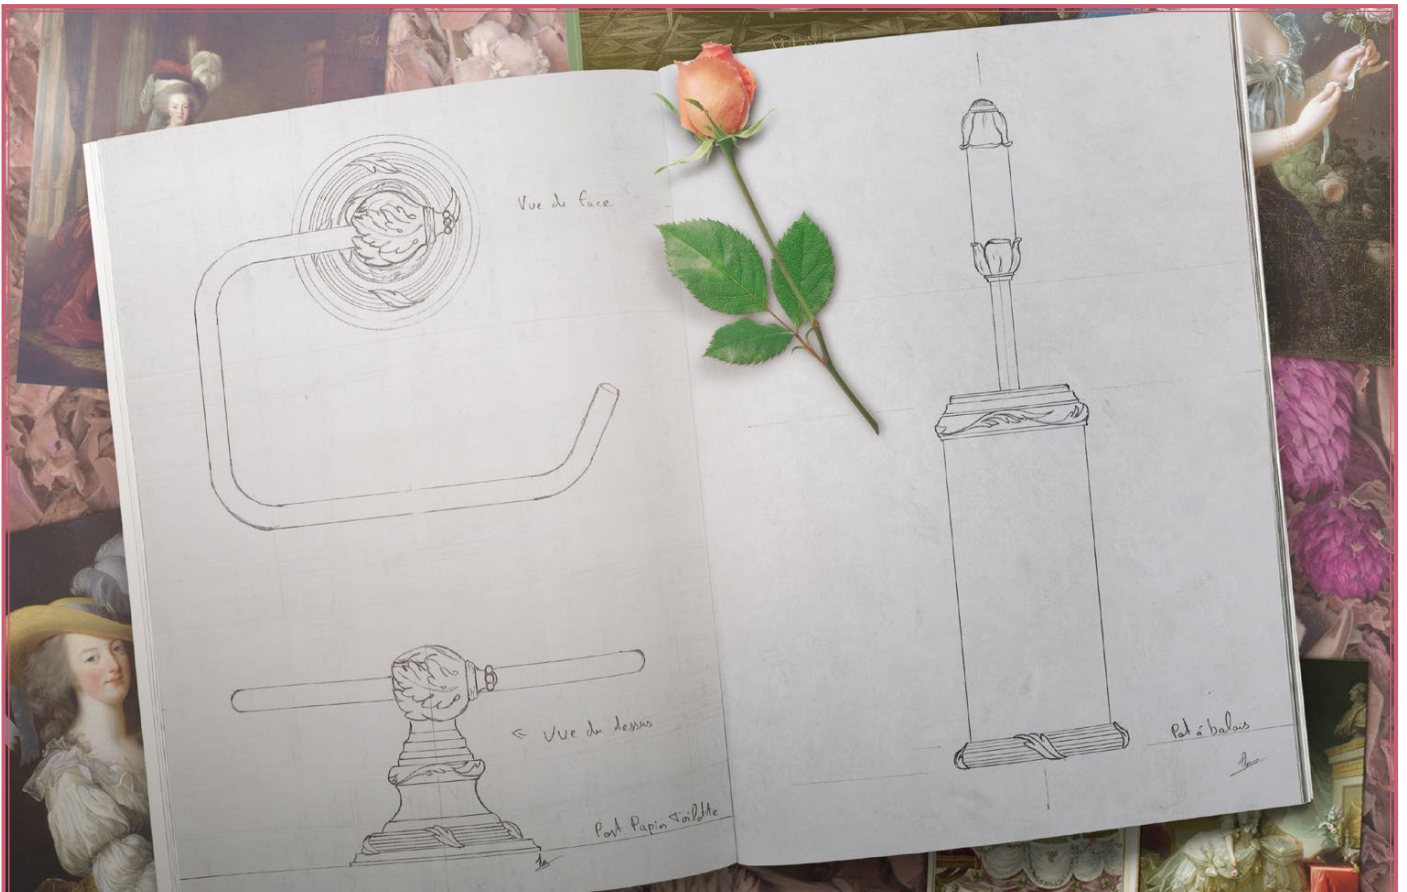

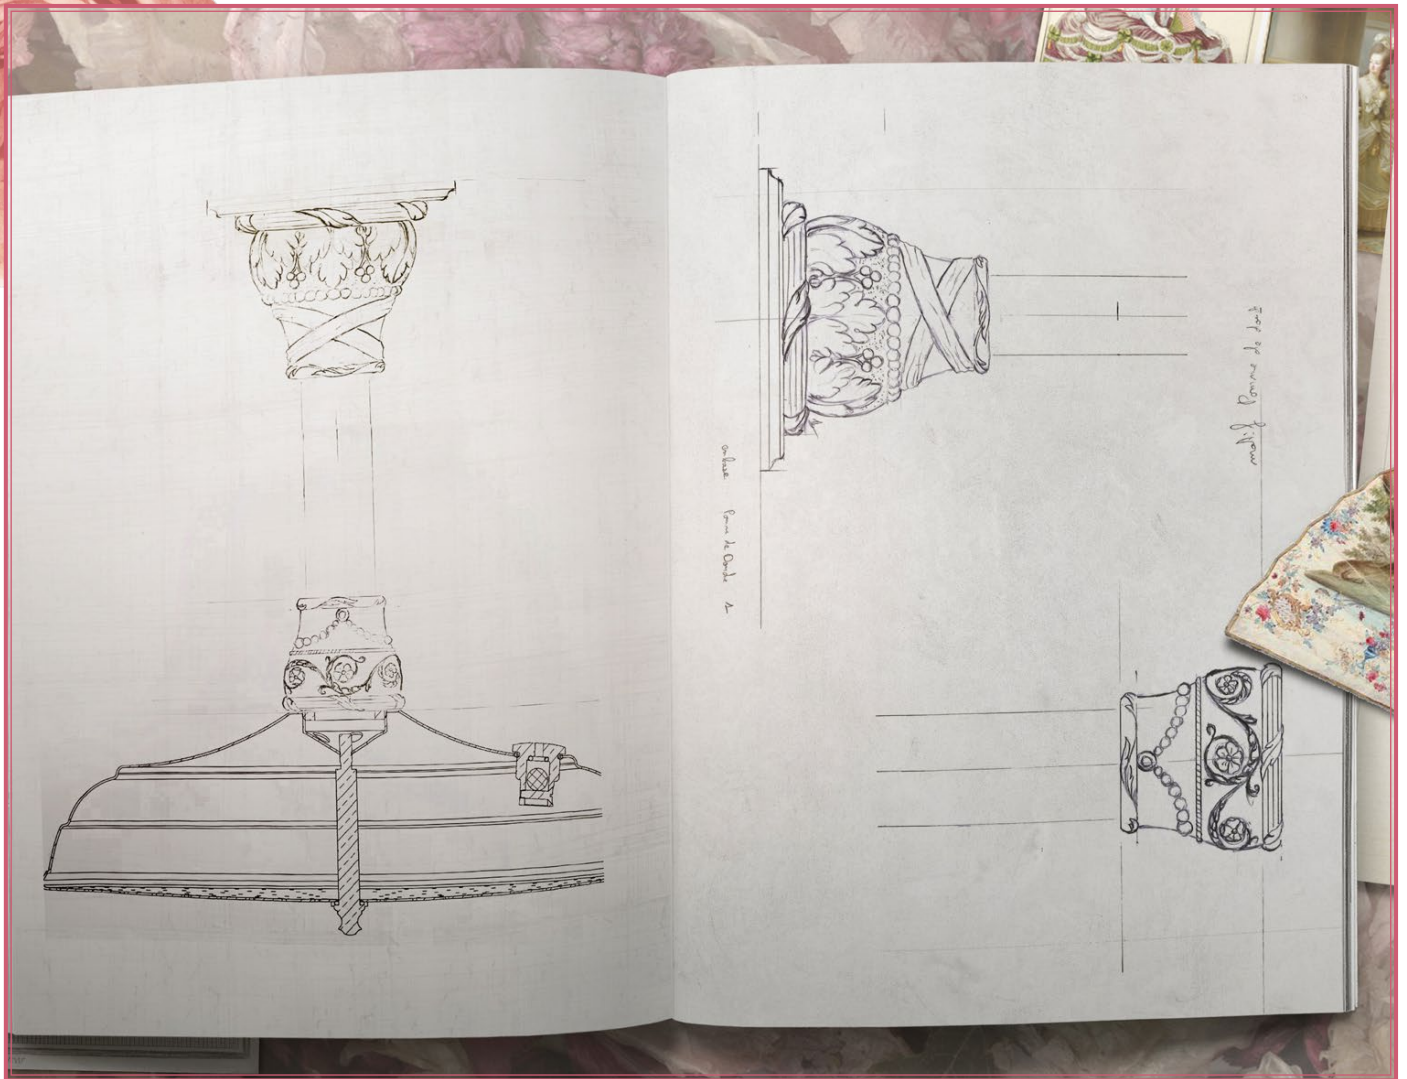

Sous d'opulentes tentures en taffetas précieux sublimant un délicat bouquet de roses fraîchement cueillies, la Maison Volevatch rend, à la manière d'une œuvre signée Vigée-Lebrun, un hommage ému à Marie-Antoinette, la plus extravagante reine de France, dont la grâce exquise et l'amour infini pour les arts lui valurent d'incarner sous le règne de Louis XVI un nouvel art de vivre « à la française ».

Under the opulent draperies of precious taffeta which enhance a delicate bouquet of freshly cut roses, Maison Volevatch pays such as a piece signed by Vigée-Lebrun a touching tribute to Marie-Antoinette, the most extravagant queen of France whose exquisite grace and her endless love for arts made her worth to incarnate, under the reign of Louis XVI, a new "French style" way of living.

Esquisses Igor Volevatch / Hand-made drawings by Igor Volevatch

Marie-Antoinette

En digne héritier d'un savoir-faire authentique, estampillé « made in France », Igor Volevatch perpétue la passion et le génie enseigné par son père, Serge Volevatch, fondateur éclairé de la célèbre maison éponyme. Igor conçoit donc la collection « Marie-Antoinette » comme une œuvre d'art empreinte de tradition et de modernité où le subtil équilibre de l'authenticité de style associée à une fonctionnalité moderne ne cède jamais à la facilité mais bien à l'excellence absolue, reflet d'un patrimoine sanitaire français prestigieux, reconnu partout dans le monde.

As a worth heir of an authentic know-how, marked "made in France", Igor Volevatch sparks the passion and genius taught by his father, Serge Volevatch, the brilliant founder of the renowned house of the same name. Igor designed the « Marie-Antoinette » collection as a masterpiece full of tradition and modernity, where the subtle balance of authentic style associated to modern functionality embodies absolute excellence and reflects a prestigious French sanitary patrimony know worldwide.
